SCHOOL OF NURSING**

URINE DRUG SCREENING

Students can have a urine drug screening taken at JAMS (Jail Alternatives for Michigan, Services, LLC). They are accompanied in to the rest room by someone so that sample is not tampered with. JAMS uses a “strip” to test results. If the strip indicates a positive result, the sample is sent on to a lab (verification 2-3 days). They are testing for cocaine, THC, methamphetamines, morphine, alcohol, opiates, barbiturates. The student is expected to sign a release form indicating to whom the results should be faxed to at the School of Nursing. The cost is \$22 cash or money order.

If it is required, the JAMS will also do a 10 Panel Drug Screen for \$30.00 which will be sent to the lab.

JAMS is willing to do urine drug screenings here at the School of Nursing 1-2 days per semester at a reduced rate of \$12 per screening. Their staff would be available between the hours of 9:30 am to 5 pm. They can screen 20-30 students in 2 hours.

There are eight JAMS locations in lower Michigan, with the nearest one to Ann Arbor is in Ypsilanti, near the intersection of Packard and Hewitt.

Their hours of operation are:
